

NASO STEEL
Since 1992

www.nasosteel.com

About Us

Nasosteel for supplying industries was established in 1992 by our founder and CEO Nasser El Khashab.

Our goal was to help home appliance manufacturers transfer all of there mild steel painted products to stainless steel products . By the beginning of year 2008 we produced our first home appliance "Evaporative air cooler " and by nature it was made of stainless parts which had a great response from retailers and end users forming our identity of high quality stainless appliances . We now produce various products including Water boilers , Turkish coffee sand pots , Desktop cookers , Electric chef stoves and more.

Our long term goal is to continue upgrading our products quality and sustain our great after sale services.

تأسست شركة ناسوستيل للصناعات التكميلية في عام ١٩٩٢ من قبل المؤسس والرئيس التنفيذي / ناصر الخشاب. كان هدفنا هو مساعدة مصنعي الأجهزة المنزلية على نقل جميع المنتجات الصاج المدهون إلى منتجات الفولاذ المقاوم للصدأ. في بداية عام ٢٠٠٨ ، أنتجنا أول جهاز منزلي "مبرد الهواء الصحراوي" وبطبيعة الحال كان مصنوعاً من أجزاء غير قابلة للصدأ والتي حظيت باستجابة كبيرة من تجار التجزئة والمستخدمين النهائيين لتشكيل هويتنا للأجهزة عالية الجودة غير القابل للصدأ. نحن ننتج الآن العديد من المنتجات بما في ذلك غلايات المياه ، رمالة القهوة التركية ، ومواقف الطهاة الكهربائية والمزيد

هدفنا على المدى الطويل هو الاستمرار في ترقية جودة منتجاتنا والحفاظ على خدمات ما بعد البيع الرائعة.
